Phuc My Gia boasts a large-scale production facility equipped with advanced surface treatment capabilities for a wide range of wood panels, including particleboard (PB), MDF, HDF, multi-layer solid wood panels, fire-resistant boards, and moisture-resistant boards.

Our experienced factory team utilizes specialized techniques, with experts precisely adjusting pressure and flexibly controlling temperature systems to ensure superior pressing and lamination quality across all panel types. We maintain rigorous inspection standards for our decorative panels, guaranteeing a flawless surface that is flat, free from glue marks, wrinkles, dents, cracks, blistering, and carbonization. Over the years, we have continuously optimized and upgraded our resource allocation to support sustainable and stable growth, consistently exceeding industry standards. We meticulously monitor and source from the best supply chains to ensure our position as a leading Melamine furniture supplier in Vietnam.

Our goal is to be a renowned and trusted supplier, fostering long-term, mutually beneficial partnerships.

Designing for Happiness

*We start with your moments. A cherished memory, a lasting relationship, joy upon joy... like beautiful film frames.
From romantic dates, children's laughter, to the relaxation of mothers and wives, and warm conversations.
Phúc Mỹ Gia creates spaces where you smile when you remember.
A place that nurtures happy experiences!*
